

AGRA AT THE UNITED NATIONS CLIMATE
CHANGE CONFERENCE (COP30) 2025

BELÉM, BRAZIL

At COP30, AGRA will champion **African-led solutions centered on farmers, soils, & youth** at the center of climate adaptation, highlighting how food systems transformation advances climate action, growth, and resilience, building on the Emirates Declaration, Africa Climate Summit, and COP29.

JOIN THE
CONVERSATIONS

GROWING AGRICULTURAL INNOVATION SHOWCASE

AGRA is joining the Gates Foundation in a showcase co-organized with Embrapa, FARA, CAAS, the UAE, Aim4Scale, Brazil's Ministry of Agriculture, Livestock and Food Supply (MAPA), and CGIAR to highlight global south-led innovations helping farmers to adapt to climate change.

10th November, 2025 | Agrizone Belem, Brazil

FROM SILOS TO SYNERGIES FOR A COHESIVE FOOD
& CLIMATE AGENDA

A focus on the need for integrated and collaborative policy-making across different sectors and conventions. The goal is to move beyond siloed discussions to create a more unified approach to climate, food, and biodiversity.

AGRA, ICRAF, IFDC CIMYYT

Thursday 20th November | Auditorium A1, Agrizone Belém, Brazil

Faces of African
Youth in Agri-business
at COP30

Fatima El Khou, Morocco

Founder & CEO, Head of Research & Innovation, JAFIFE.

Fatima El Khou leads Jafife in Morocco, driving innovation in food systems with solar-powered tech. She champions sustainability, local empowerment, and eco-friendly value chains.

Royford Mutegi, Kenya

Co-Founder, Head of Strategy and Business Development,
VERMI-FARM INITIATIVE LTD.

Royford Mutegi boosts smallholder farmers' incomes in Kenya by advancing digital agri-solutions and sustainable job creation at Vermi-Farm.

Imungana Malikana, Zambia

Founder & CEO, CRANITECH SOFTWARE SOLUTIONS
| GENERATION AFRICA FELLOW

Imungana Malikana builds solar-powered farm tech at Cranitech in Zambia, helping smallholders increase yields, track data, and access climate-smart finance.

Irene Simon Ivambi, Tanzania

Founder, Mrembo NATURALS LTD.

Coordinator, YOUNG WOMEN ENTREPRENEURS TANZANIA.

Irene Simon Ivambi partners with women farmers in Tanzania to transform crops into high-value cosmetics with traceable, quality-driven supply chains.

Tafadzwa Ronald Chikwereti, Zimbabwe

Co-Founder & CEO, eAGRO

Tafadzwa Chikwereti leads eAgro, harnessing AI and satellite data to deliver crop advice, boost yields, and unlock credit for smallholder farmers in Zimbabwe and beyond.

Charles Oyamo, Kenya

Founder & CEO, RETHREAD AFRICA.

2024 GoGetta Impact Award Winner

Charles Oyamo pioneers bioplastics at Rethread Africa, converting farm waste into compostable packaging solutions that cut food waste and lower landfill impact.
